- SPECIAL USE AREAS
- COASTAL AREA BOUNDARY

¹ The anadromous fish stream catalog number identifying the mouth of a designated Special Use Area Stream is taken from *An Atlas to the Catalog of Waters Important for Spawning, Rearing, and Migration of Anadromous Fishes*, (1984), Alaska Department of Fish and Game, Southwest Region Resource Management, Region III. Although stream numbers define only the main stem of designated Special Anadromous Fish Streams, the special use area encompasses all associated lakes and tributaries of the identified systems.
